"Scheffler, Linda", "Laura Jones", "MCCLINCY Matt", mcoover,

History: This message has been replied to.

Stormwater Tech Team -

This email is to confirm our group call on June 26 starting at 9 am and going approximately to noon (or as needed). Please use the following call in number:

Non Responsive

The main agenda items are:

- 1) to go over additional DEQ comments, which Karen indicated are probably likely
- 2) discuss EPA comments, if any.

The idea is to agree on any revisions to the methods before the call ends so that we can move forward with the full stormwater loading analysis.

Thanks.

Subject: RE: Next Stormwater Technical Team Meeting

Kristine - I will provide a conf. call number. It is usually a good excuse to provide reminder a few days prior to the call date.

Thanks.

Carl

Technical Team

Next Stormwater

Meeting

Stormwater Technical Team -

It looks like the best time for our next conference call is June 26th from 9 am to noon. Let's assume it's a conference call (instead of a meeting) unless major issues come up. I will keep you posted regarding any changes in status once comments start to come in.

Thanks much.

Carl
